

Commencement, 1976

Baccalaureate and Commencement for the Class of 1976 was held May 21 and 22. The Baccalaureate address was given by the Rev. Robert McGruther, the new minister of the St. Charles Presbyterian Church.

Commencement Day was sunny and warm and the ceremony was held in the natural amphitheatre in front of Nicolls Hall. One hundred and forty one men and women received Bachelor degrees, fifteen received Associate in Science degrees, and three received Lindenwood's first Master of Arts degrees under the College for Individualized Study.

Gene I. Maeroff, National Education Correspondent for THE NEW YORK TIMES, was the Commencement speaker. His topic, "Back to Basics," was the consideration of what he indicated was the "hottest fad in education

today." Mr. Maeroff's theme was that "there is no single standard of accomplishment in the United States that is the prerequisite for either a high school diploma or a college degree." He went on to say, however, that certain basic subjects should be reemphasized — the teaching of grammar, the development of writing talent, and increased reading skills.

Mr. Maeroff concluded his address with this statement. "If the back to basics movement reminds us of the differences involved in one person's educational experience versus that of another, it also should serve to impress upon us our uniqueness. The fact is that ultimately what counts most is whether your education until now, whatever it is that you have studied, has helped you move closer to personal fulfillment."

Alumna Merit Winner

"In recognition of a high degree of professionalism in her chosen career of library science, her unfailing loyalty to and interest in her Alma Mater, and for her service as alumnae Archivist since her retirement," the 1976 Lindenwood Alumnae Certificate of Merit was awarded to Mary Elizabeth Ambler, Librarian Emeritus. With these words she was presented to President Spencer by Mrs. Folsta Gibbons, President of the Alumnae Association.

Miss Ambler received her A.B. degree in history from Lindenwood College in 1930. In her senior year she was the recipient of a fellowship which enabled her to go on to Columbia University to obtain a Bachelor's degree in library science. In 1938 she received an M.A. degree from the University of Chicago.

After service as librarian at the Northwestern University School of Commerce, Alabama College, and North Park College, she became head librarian at Blackburn College. In 1964 she returned to Lindenwood and served as librarian until her retirement.

Since her retirement, Mary Ambler has been and is, doing a tremendous volunteer job to preserve the history of this college. She and her committee are busy collecting, sorting and cataloging documents, pictures, diaries, catalogs and memorabilia for the Lindenwood archives.

Dean Receives Honor

Dean Doris Crozier of the Lindenwood College for Women gave the commencement address, "Images of the Future in Education," at St. Joseph's College in Rutland, Vermont, at which time she received the honorary degree of Doctor of Humanities. The Dean of the College, Sister Elizabeth Cuning, who had been a classmate of Dr. Crozier at Trinity College, Burlington, Vermont, made the following remarks in her citation:

"Doris B. Crozier, whom the college wishes to honor this morning, is a native Vermonter and an educator of note who has dedicated her life to the service of education at all levels.

After graduating from Trinity College, Doris started her career in a one-room school. She moved quickly to principal and high school teacher and, after seven years in a high school in Danbury, Connecticut, she served as

principal of two American schools in Germany. In 1955, after receiving her Master's degree in Anthropology at New York University, Doris became instructor at Danbury State College.

In 1958, Doris was chosen to go to Cambodia as an advisor to the government in setting up its first Teachers' College. She spent three years in establishing and nurturing its growth. The school children in Cambodia were studying the history and geography of France because no one had written the history and geography of Cambodia. Doris wrote these texts in French at the level of grade school children.

Before returning to the United States in 1961, Doris was decorated by the Cambodian government for her exceptional service to education and to the cultural development of young people in the East."

Officers elected at the annual meeting of the Lindenwood Alumnae Association: Marcia COOPER Giske, Treasurer; Folsta BAILEY Gibbons, President; Joan LEIPER Johnson, Vice President; Marilyn MITCHELL Thoren, Secretary; and Marie CHRISTENSEN Robb, Past President.

Dear Lindenwood Alumna,

At the annual meeting of the Lindenwood Alumnae Association, I was elected to serve as your president for the next two years. I wish that I could meet and talk to each of you personally to tell you about the exciting and stimulating changes that are taking place at our Alma Mater.

Our college will be 150 years old in 1977 and plans are under way for a triumphant sesquicentennial celebration on April 22 and 23. I hope that you are making plans to come. Won't it be fun to see old classmates and reminisce about the days spent on the L.C. campus—to see Lindenwood as it is today—and to glimpse something of its future?

We are planning special reunion festivities, speakers, a multimedia review and a Country Fair. We hope that you will share your talents with us and send something to the Fair. We need your support to make this celebration a real success, but most of all, we want to see YOU on the campus next spring!

Always remember that you belong to Lindenwood and Lindenwood belongs to you.

Miss "L" Retires

"They are surely talking about someone else, it can't possibly be me retiring," were Mary Lichliter's reactions at a faculty dinner honoring her. For hundreds of alumni throughout the world, it will be difficult to think of Lindenwood without, in the words of a last year's graduate, this "incredible" woman who has influenced the lives of so many students.

Dr. James Hood, chairman of the department of history, presented the following "Resolution" which described Miss Lichliter's service to the College.

"A college gains its greatness and provides its service to its students by the character and loyalty of those who serve it through the years. Lindenwood has been served by many devoted and capable people, people whose careers interweave with the fabric of the college and remain with us.

Even though the external character of the college changes with the decades, something of the Sibleys, the Roemers, the McCluers, the Alice Parkers remains, giving a distinctiveness

and a uniqueness that makes Lindenwood what it is. That record of service now must include Mary Lichliter, whose influence is indelibly written upon the college.

Mary Lichliter worked her way up to Lindenwood inexorably through the years, beginning with her undergraduate degree at Wellesley and her Master's degree in history from the University of Chicago. She searched for her niche at several places — serving

as Associate Director of Boston University's Department of Student Counseling, Dean of Lasell Junior College in Massachusetts, and Dean of Women and Assistant Professor of History of Drury College in Springfield.

Mary became Dean of Students at Lindenwood in 1948, a post she held for twenty years, years of immense change, from the hose and heels era to the blue jeans and amplified rock. Hundreds of students passed through "Miss L's" dorms and her office and they remember her advice, her support, her badgerings, her

delight with their successes. In that time Mary also developed that area of service which must be her greatest pride — the advent of the continuing education woman. First dozens, and then hundreds of women returned to school, enriching and redirecting their

lives with Mary's help and advice. Those women appreciated Mary's unflagging insistence that they enter the same courses and meet the same standards as everyone else and demonstrate that they could.

In 1968 Mary became Dean of Continuing Education and Career Planning, carrying on that concern and involvement with the continuing education student which had marked so much of her work in the past decade. In 1974 she became Director of Alumnae Affairs and Placement, dealing with the same students who had

passed through her office years before as undergraduates, now became alums. Mary has served in those years since Lindenwood went 4-1-4, as the den mother of the off-campus courses, arranging flights, hotels, travel, with the same enthusiasm and competence which has marked her other work.

She has been active in many professional groups over the years — the National Association of Women Deans and Counselors, the American Association of University Women, American Personnel and Guidance Association and the Personnel Women of St. Louis. She has served on the Governor's Commission on the Status of Women of Missouri.

At the recommendation of the Faculty Council to the Board of Directors of the Lindenwood Colleges, Miss Lichliter has been awarded the honor and title of Dean Emeritus.

Miss Lichliter will continue to serve the college as a consultant in alumnae affairs and has volunteered to write a brief history of the academic life of the college as part of the Sesquicentennial celebration. She and Miss Lula

Clayton Beale, Registrar Emeritus, will continue to live in their home in St. Charles and will always have a warm welcome ready for alumni and friends of the college.

SEMINAR: Women on Women

Where am I as a woman? Who am I? What do I need to know? How do I take action? As part of Lindenwood's 150-year commitment to women's education, the Office of Counseling Services under the direction of Janice Jackson, organized a two-week seminar, "Women on Women," this past April to investigate just these kinds of questions

The seminar, open to both Lindenwood students and to the entire St. Louis metropolitan community, brought to the campus prominent professional women, feminist therapists, financial planners, professors, doctors, lawyers, who acted as advisors and facilitators for the participants who had come to Lindenwood to better understand themselves and their changing roles in today's society. The seminar also provided a forum in which all the women could creatively discuss how one sets and obtains one's goals, how one finances a college education, job strategy, different life styles, the individual woman's relationship to feminism, etc.

Betty Jack Littleton, Lindenwood alum of 1951, now the Associate Dean of Faculty at Stephens College, gave the final speech at the seminar. Addressing herself to the question of women's education, she asked: "What can we do to change our institutions to make them speak to our questions, our needs, our aspirations?"

Photo by Darrell Woodard

Betty Jack Littleton, Class of 1951

Women must first realize that "the definitions of liberal education from Aristotle to Hutchens are definitions aimed primarily at students who are leisured, advantaged, and male." Women must then begin to demand and design courses and programs which "help us to better understand our natures and develop our capacities." Ms. Littleton was proud to conclude that conferences about women like her alma mater's, "Women on Women," represent very positive steps in women's education, "helping us find out who we are and what we are capable of."

Featuring Alumni

Our first four-year graduate was **Pauline Weissgerber**, Class of 1921. Why did she, out of 25 graduates with Associate of Arts degrees stay on to receive her B.S. in Home Economics?

Pauline writes, "The reason I stayed on was because Dr. John L. Roemer, President of the College, and Dean Lucinda Templin asked me to. Since I was very fond of them and had not decided on another college, I accepted. They added new courses so that I could get my degree in the additional year."

Pauline speaks warmly of good friends here. As he handed her the diploma, Dr. Roemer said: "Your name will go down in the history of Lindenwood as a pioneer in the beginning of the greater Lindenwood."

On June 25, 1921, Pauline married Stanleigh Palmer, the owner of the Palmer Furniture store in Lebanon, Missouri. They have three children, Eleanor PALMER Owen, Class of 1944, Dick and Stanleigh, Jr. She was president of the Alumnae Association in 1941-42, and presided over the Alumnae Association meeting during 114th Founder's Day anniversary of the college, October 24, 1940.

Arminta J. Harness, Technical Assistant to the President of Westinghouse Hanford Company, will be installed June 27 as President of the Society of Women Engineers (SWE) at its national meeting in Denver, Colorado. She is a senior life member of the 4,000-member SWE, and served two terms as its vice president, from 1974 to present.

A member of the Class of 1949, and an active member of the Southern California Club, Arminta holds a B.E. in aeronautical engineering from the University of Southern California. She was the first woman engineer to join the U.S. Air Force.

She joined Westinghouse Hanford following retirement from the Air Force as a Lieutenant colonel in 1974. A subsidiary of Westinghouse Electric Corporation, the firm manages the Hanford Engineering Development Laboratory for the Energy Research and Development Administration. The Laboratory is primarily involved in research and development in support of the nation's Liquid Metal Fast Breeder Reactor program.

LINDENWOOD SESQUICENTENNIAL

Plan Now
for April 1977

Recollections

by Florence BLOEBAUM Null (Mrs. George M.)

Class of 1905

It is 1976 now, not too long from 1977, the 150th anniversary of the founding of the College by Mary and George Sibley. Already the working alumnae are preparing for what they hope will be Lindenwood's finest hour, and as I try to bring Lindenwood back to you from the past I hope each one of you out there is saying "I'm going back."

It was in 1901 that I first enrolled as a day student. I was always a day student, having lived within sight of Lindenwood since I was about five years old. My memories of younger days include association with the families of the presidents through church and the public schools. Dr. Erwin's grandchildren, whose mother was matron at the school, were my friends and it was not uncommon for me to be running through the hall at Sibley playing hide-and-seek in the classrooms after school.

Back in the old days there was only one entrance to the College and that was up the "Avenue" as it was called. It was a dirt driveway and a wire fence separated the pasture from the plankwalk. On the other side there was a row of Osage orange trees. Near the building stood the wooden arch upon which was painted "Lindenwood Female Seminary." If you were a young man you never passed through that arch unless by written permission or invitation. In those early days I would sit on the fence and watch the pretty girls walk by our house on the daily walk,

dressed in very long dresses and wearing hats. I watched and waited for their return because I knew their purchases at the confectioners were for sharing. On Sundays, the girls walked to the Presbyterian Church which I, too, attended while the president and other important people rode in a sort of glorified bus drawn by two white horses.

No longer do the girls walk down the street in lines. It is a busy place which buzzes with exciting activities, providing many unusual and marvelous opportunities such as study abroad, travel, community activities, public school participation and so on. As I glance out now, I see rows of parked cars — cars from long distances — of men and women and young ones who have come for work on degrees that were interrupted. While I don't care for the cars in front of my home, I do thrill over the cause of the cars — continuing education.

So often I am asked what type of education I had in those early days. Lindenwood was a boarding school, better known as a seminary, that entailed secondary education, but many subjects were on the college level. There was a fine music program and an art program where I studied and practiced under the capable Miss Alice Linneman. I am still enjoying in my home many beautiful pieces of hand-painted china and water colors. Then, there was an Elocution course. It was not unusual to be called on without notice to do a recitation for some

Photo by Kevin Stouffer

important visitor. My happiest remembrances were with the girls I learned to know and love. There was no study hall, as such, so I spent much time in the boarders' rooms. They in turn spent many weekends and vacations at my home.

The art reception was the social event of the year and was held in the spring. All types of work were on display. Those of us who were students and participated always had a new dress. I remember a new China silk one I had which had a drop shoulder. I wasn't the type, being on the plump side, and I still remember the struggle trying to manipulate an off-shoulder dress and serve punch and home made cookies at the same time.

May Day and Founders' Day brought excitement to the campus. During the May Day spectacular the little Null girls, Mary Elizabeth and Lois Margaret, would be selected as flower girls to spread petals before the May Queen. They were dressed in organdy dresses which I had made. Founders' Day was a great time. The resident students considered an alumna someone special. A wonderful lunch was served, school songs were sung and, later an alumnae meeting was held in the Sibley Chapel.

And, now I turn back to that day in June of 1905 when in a beautiful white dress, carrying a diploma tied with white and yellow ribbons, I walked proudly from the Hall of Learning — Sibley Hall — out into the world to face any challenges. After my graduation, I returned to Lindenwood many times for courses in English, German, psychology, sewing and millinery. In those days we didn't call it "continuing education" but spoke of it as "going back to take..."

It has been a long time since 1905 — longer still back to 1886 when I was born — but I am happy that Lindenwood and I have been around at the same time and thankful that I am still able to appreciate and enjoy the marvelous experiences of today. There is a tendency among the "oldies" to want to remember Lindenwood as it was in their day.

I was there then and I ask realistically, I hope: "How long

would the old Lindenwood have lasted in this changing world?" Without change, it would have been "swept under the rug" years ago. Lindenwood women and men all over the world, let us clasp hands and together say "for her past and present and for her future, God Bless Lindenwood! May she always be able to supply the need, the desire, the accomplishment, and the purpose for which she was established 150 years ago. Long may she wave!"

Come to the Birthday Party. You must see Lindenwood again. If you will come, we will tie a yellow and white ribbon around a linden tree just for you. It may be the very one you helped to plant.

COMMEMORATIVE CALENDAR

The Alumnae Council at their spring meeting authorized the printing of a monthly appointment calendar to honor the 150th anniversary of the College. It will be dedicated to Mary Lichliter who is retiring as Director of Alumnae Affairs and Placement. (see story on page 2)

Tanya Mallory volunteered to undertake this project and with the help of Linda Conley has researched and chosen the material to be included. Many of you are familiar with the Linden Scroll calendar and this will be an expanded, sesquicentennial version with interesting pictures of Lindenwood, both old and new. Dates of general interest will be designated.

Send \$3.50 for this beautiful 8 1/2 by 11" calendar which is printed on quality stock with wire binding. Please use the order form on page 4.

ALUMNI DIRECTORY

We are happy to present to the alumni of the Lindenwood Colleges this Directory of approximately 9000 former students for whom we have addresses. Current name and address and name when attended L.C. are listed under the year of graduation. In the Lindenwood College for Women Section, those who attended one year or more are listed under the year they would have graduated. Those designated with 00000 in the zip code position have foreign addresses and are listed separately.

If your name or address is not correct, please advise us at once so that we can change our records and publish a supplement in the next issue of the NEWS. If a friend is missing from this list for whom you have current information, we would appreciate being notified.

The Directory is being sent in this form without charge to all alumni where a more expensive "book" would have to be sold to a limited number. Put it to work by contacting your friends and classmates to return to the campus for the Sesquicentennial Reunion, April 22 and 23, 1977.

Alum Assistance Needed

INSERVICE, Lindenwood's new program in college-church relations, is in need of Alumni help.

The program provides to students work-study opportunities in churches and religious organizations, furnishing student enthusiasm and skills to the organizations and valuable experience and academic credit to the students. At present, some 60 opportunities are available to

students in 14 fields of study, ranging from art and drama to political science and sociology. The program is broadly ecumenical, with projects established in Protestant, Catholic, and Jewish congregations and agencies.

For instance, one project is with a state council of churches' legislative task force, which monitors and evaluates bills before the State legislature.

Another offers work in a recreation therapy program in a major St. Louis hospital. Research on the St. Louis public school system and work with adult retardates are two others, as well as more traditional types of jobs in local congregations.

Alumni can help the IN-SERVICE office by sending the names of clergy in their area who work with active youth groups.

Also, the names of any young people who would be interested in working in this type of project as a part of their undergraduate training or who are considering a church vocation. References will be followed up by the IN-SERVICE and/or Admissions Office.

Commencement

Far past the porch and corridors of time
where still and feathered like the fallen leaves
the deed remains; there listening poets rhyme
the moment which the year conceives.

Far past the pillared edifice and stone
of the achievement, the sculptors wait
with block and chisel for the known,
for emblems propped against the outer gate.

Far past the mountain of the first desire,
beyond the stream, into the gaping wood,
the dream lies sheltered from a winter's fire
until its bodied book be understood.

The scholar lives beyond his time in shades
of oaks and maples; at the river's edge,
between the walls where sunlight creeps and fades,
and where the ivy tries the window ledge.

The scholar lives in concrete, in the walks
which civilize the land, in cornerstones,
in gardens where the autumn flower stalks
recall the verdure which the winter owns.

The scholar lives in having cleared the ground
and planted trees and sectioned off the light,
in having built the halls where deeds resound
and fill the empty spaces in the night.

Now gathering—the steps and every door
at large—processions test the strength of time;
among the crowds, a wandering chorister
distributes murmurs with his pantomime.

Now gathering, where we must gather soon
as deed, achievement and the sheltered dreams
press to have their story told when opportune;
breezes shake the banners into themes.

Now gathering, years which never stayed
lie still about the feet, like silent leaves
blown dry and wayward to the waiting shade
below the towered walls and jutting eaves.

So bless the gathered crowds and lingering years.
And bless the scholar and forgotten seers,
and bless the deed and dream: God bless the land
where walks and cornerstones and gardens stand.

Dorm Closed

On February 18, 1915, Butler Hall was dedicated with the "largest gathering I have seen at Lindenwood," according to Dr. Nicolls who gave the address that day. It was a gala occasion with music and speeches followed that evening with a reception for 500 persons. During the dedication Colonel Butler, the donor of the dormitory, made an impromptu talk which showed his love and affection for Lindenwood and the education it gave its students.

"...Over the new hall to be dedicated, the name graven in stone is 'Butler Hall.' It stands not for the name of a man or a particular family but for the present and future generations of Lindenwood girls..."

In the year 1976, Butler Hall ceased to be a dormitory for women because additional classroom space was needed in Roemer Hall. Some faculty and administrative offices will be moved there, among them the ALUMNAE OFFICE when college opens in September.

On May 7, the present occupants of the dormitory held a "Wake" of great solemnity. The ceremony was brief, but stirring, and for those who have been at Lindenwood for many years, ghosts of past festivities were present.

It took one of the students of Lindenwood College for Men, Chuck Accardi, to put into words how many former residents feel about Butler:

"No longer will these staid, old hallways nurture the feelings of togetherness and friendship that only a dormitory can. Butler Hall will still be here next year and for years to come, but, it will never be the same. Yes, a little bit of Lindenwood tradition will be lost when they close its doors as a dormitory for the last time. More than one tear will be shed by those seniors who for these past few years, have called Butler their home."

Receives Award

Dr. Jessie Bernard, a professor of sociology at Lindenwood from 1940-47, received the 1976, \$3,000 Achievement Award of the American Association of University Women at the biennial conference of the AAUW state presidents and national board members. Currently, Dr. Bernard is working with the U. S. Civil Rights Commission and the American Council on Education.

Treasures in Your Attic?

Out of old trunks and boxes there may be found treasured memorabilia of Lindenwood days, carefully saved by mothers, grandmothers or great-grandmothers. The Archives Committee of the Alumnae Association will welcome any loans or gifts which bring memories of the past.

The College particularly would covet catalogues to complete its records since there are many gaps in our material from the early days. The first catalogues on file is the Third Catalogue (1859-1860). Were there catalogues in 1861, 1864, 1865, 1868, 1869, 1870, 1872 and 1877? Other catalogues missing are: 1890-91, 1891-92, 1892-93, 1893-94, 1895-96, 1896-97, 1897-98, 1901-02, and 1902-03.

The college also has a nearly complete file of BULLETINS since 1914 except for 1935-36 and 1936-37. The 1914-15 issue was numbered Vol. 84. Any earlier issue of the Lindenwood monthly BULLETIN would be gratefully received by the college.

NEEDED: L.C. CLUBS!

Where are the Clubs of yesteryears? Chicago, Joplin, New York, Indiana, Kansas, Texarkana, Little Rock, San Francisco, Tulsa, Miami, Oklahoma City, Denver, District of Columbia, Atlanta, Indianapolis, Des Moines, Detroit, Seattle and others. Now only Kansas City, Southern California, Minneapolis, St. Louis and St. Charles are fully organized, functioning clubs. Think back — when and where were you a member of a Lindenwood Club?

In going over the files in the Alumnae Office, we have found evidence of valiant efforts on the part of loyal alumnae to organize and nurture a formal organization in their area. And, through the years, occasional informal meetings have been held to welcome the President and his wife or other personnel from the College.

We recognize that we are an over-organized people, but are the 70's so different from past decades? It is not necessary to have a proliferation of meetings to have a viable Lindenwood Club. Four meetings a year with a strong membership list in those areas where there is a large concentration of alumnae can provide a nucleus to spread the word about Lindenwood.

The Alumnae Office is always willing to help by sending a list of names and addresses, sending out a general mailing, sending the Lindenwood Club Handbook, written by Diane Carithers of the Southern California Club, which contains invaluable guidelines for the establishment and development of a club. Start with four or five — a Kaffee Klatsch and a telephone detail ... You'll find friends and a renewed interest in your alma mater.

Millie Hines, Class of '64, is now teaching a course in Fibers at Central Michigan University, Mt. Pleasant, Michigan, as well as working as a free-lance designer in New York City.

Her designs can be found in the Fall-Winter issue of "American Home Crafts," and the December, "Ladies Home Journal," page 80. "Family Circle" is also using a number of her designs and she is a contributing editor of "Ladies

Home Journal Needlework and Crafts," a bi-yearly magazine starting publication this spring.

The 1975 issue of Hammett's Weaving and Fiber Crafts Catalog lists two inventions which she has patented: a Millwheel — a compact and portable spinning wheel similar to the early American walking wool wheel and a Millloom — a practical table loom which has several unique and innovative features.
